MULLAN ROAD

Columbia Valley Cabernet Sauvignon 2019

91 Points

This dark ruby colored Cabernet Sauvignon based blend opens with blackberry and black currant bouquet with hints of clove spice and dark chocolate. On the palate, this wine is full bodied with integrated medium plus acidity. The mouthfeel is concentrated, rich and savory. The flavor profile is a black currant and crushed stone blend with notes of stewed red plum and toasted coconut. I also detected some hints of tea, menthol, and clove. The finish is dry and its refined tannins drift away nicely.
