

SAN GUIDO

Guidalberto Toscana IGT 2022

94 Points

Made with Merlot and Cabernet Sauvignon, the Tenuta San Guido 2022 Guidalberto gives you a good taste of the same DNA that brings us one of Italy's greatest wines, Sassicaia, but it's offered in a more immediate style here (thanks to the addition of the Merlot). This warm vintage opens to medium-dark concentration and very plump aromas that take you immediately to blackberry and blackcurrant sitting out in the sun at your local farmers market. The wine shows a soft and gentle side with a pretty level of elegance transmitted through the fruit freshness and the light oak spice that is discernible here but delivered with grace.
